

DIAPHRAGM SWITCH

DESCRIPTION	LIST PRICE	PART NUMBER
DIAPHRAGM SWITCH FOR GENERAL PURPOSE NON-HAZARDOUS LOCATIONS		
BM 45 R - Diaphragm switch with standard .016" thick, black neoprene diaphragm, internally mounted	Call for price	730-0004
BM 45 F - Diaphragm switch with standard .016" thick black neoprene diaphragm, externally mounted	Call for price	730-0001
BM 45 RH - Diaphragm switch with heavy duty .031" thick, black neoprene diaphragm, internally mounted	Call for price	730-0005
BM 45 FH - Diaphragm switch with heavy duty .031" thick, black neoprene diaphragm, externally mounted	Call for price	730-0002
BM 45 RHT - Diaphragm switch with heavy duty .031" thick, grey silicone diaphragm, internally mounted	Call for price	730-0006
BM 45 FHT - Diaphragm switch with heavy duty .031" thick, grey silicone diaphragm, externally mounted	Call for price	730-0003
DIAPHRAGM SWITCH FOR GENERAL PURPOSE HAZARDOUS LOCATIONS U/L & CSA LISTED FOR CLASS II, GROUPS E, F, & G		
BM 65 R - Diaphragm switch for hazardous locations with standard .016" thick, black neoprene diaphragm, internally mounted	Call for price	730-0099
BM 65 F - Diaphragm switch for hazardous locations with standard .016" thick, black neoprene diaphragm, externally mounted	Call for price	730-0096
BM 65 RH - Diaphragm switch for hazardous locations with .020" Thick, black neoprene with nylon mesh diaphragm, internally mounted	Call for price	730-0255
BM 65 FH - Diaphragm switch for hazardous locations with .020" Thick, black neoprene with nylon mesh diaphragm, externally mounted	Call for price	730-0254
BM 65 RHT - Diaphragm switch for hazardous locations with heavy duty .031" thick, grey silicone diaphragm, internally mounted	Call for price	730-0101
BM 65 RHPC - Plugged chute detection with 0.020" thick, black neoprene with mesh diaphragm and heavy duty switch spring, internally mounted	Call for price	730-0675
BM 65 FHT - Diaphragm switch for hazardous locations with heavy duty .031" thick, grey silicone diaphragm, externally mounted	Call for price	730-0098
BM 65 FHS - Diaphragm switch for hazardous locations with .020" Thick, black neoprene with nylon mesh diaphragm, externally mounted, stainless steel mounting plate	Call for price	730-0473
BM 65 FHPC - Plugged chute detection with 0.020" thick, black neoprene with mesh diaphragm and heavy duty switch spring, externally mounted	Call for price	730-0676
BM 65 DRHT - Diaphragm switch with heavy duty .031" thick, black neoprene diaphragm, internally mounted with DPDT contact	Call for price	730-0511
BM 65 DFHT - Diaphragm switch with heavy duty .031" thick, black neoprene diaphragm, externally mounted with DPDT contact	Call for price	730-0512
